

Information for Employers and Post-16 providers

At Holy Family we actively encourage external organisations to provide opportunities for our students and welcome any input from both existing and potential new partners alike.

Opportunities for access

We have a wide range of events, integrated into our school careers programme, that offer providers an opportunity to come into school to speak to students and/or their parents/carers, or for students to visit providers in their place of work. Below is a table of some of the opportunities available to each year group:

Year Group	Example Events
7	Personal strengths for employment
8	KS4 options events
9	Employers speed networking
10	Career assemblies
11	Post-16 fair

Please speak to our Careers Leader to identify the most suitable opportunity for you. Each request for access to work with our students will be assessed on its own merits and the Careers Leader will ultimately will decide if your request is most appropriate for our students. If your request is declined we do welcome further requests for future opportunities.

Careers Leader: Mr Devlin. Email: devlind@holyfamilycarlton.org

Provider Access Policy

Our policy for Provider Access sets out the arrangements for managing the access of providers to students at Holy Family for the purposes of giving them information about the provider's education or training on offer.

This can be found on our Policies page on our school website.
