

## YORK COLLEGE UPDATE -28/04/20

Due to the current lockdown situation, College is unable to hold advice and guidance discussions for prospective students who have submitted an application to start with us in September. Therefore, as from this week, tutors will be reviewing applications and confirming offers which will be sent to students in the next few weeks. If any information is missing from the application form, for example predicted grades or a personal statement, or further information is required by the tutor, then they will contact the students directly to gather this to enable them to confirm an offer.

When the offer is sent to the student it will include the contact details for the Admissions Team, so if the student does have any queries about their offer they will be able to contact the team to ask any questions they may have.

If you have enquiries you may want to follow up for particular students, please do contact the Admission Team on **admissions@yorkcollege.ac.uk** who will be able to advise.

For prospective students we do have a page on our website which will be updated with more information as it is available. I'll also email any further updates going forward as they are confirmed.

### [Coronavirus Information Future Students](#)

Here you will find information for future students regarding the COVID-19 (Coronavirus) outbreak. We will be updating this area of the website as more information becomes available.
