

Music

Hi, I'm Mr Coombs. I've been teaching music here at Holy Family for 9 years. I play the Trumpet, Piano & Guitar and enjoy making singing noises.

I think music is one of the most important & powerful things in the world, because almost every person from every culture enjoys it in some way or other. Whether it's listening to it as a film/gaming soundtrack, worshipping with it, dancing to it, using it as part of a sporting/cultural event, or simply cranking the volume listening to your fave bands or artists; I think music's inspiring & makes the world a better place.

Here at Holy Family, the thing you'll look at for the first term in Y7 is the 'Band Project'. You all get to learn about, and play the most important instruments in a Rock Band; Guitar, Bass Guitar, Keyboard & Drums. It doesn't matter if you've ever played anything before or not. The emphasis is on exploring new sounds, skills, ideas & having fun along the way. This always inspires some pupils to take up a new instrument in Y7 - maybe you!?

I can't wait to get back to Holy Family & the awesome music room we have there. You should check it out - we've got stacks of brilliant gear...

I look forward to meeting you all. 😊

Sir
