BISHOP BURTON College

SCHOOLS CONNECT NEWSLETTER January 2021

HOT OFF THE PRESS

We will be offering a Health 'T' level course in September, see more below for more details.

Visit our [website](#) to see our new digital prospectus, which contains all the information about the courses we offer.

We offer college/further education courses, apprenticeships, short courses and Degree level/ Higher education courses. Why not have a look and see which course is best for you.

What's new?

- A very warm welcome to this 2nd edition of the Schools Connect Newsletter.
- We understand that this is a difficult time and want to support you as much as possible. Our open events will give you the chance to ask questions directly to our staff members as well as virtually explore the campus.
- As our Agriculture department embraces new technologies in an effort to work in more green and sustainable ways, we are well underway with constructing a new [Institute of Technologies](#) building. It's an exciting time not only for our Agriculture

students, but also our Construction students who have had the opportunity to get involved with the project. This is one of 12 IoT buildings nationally funded by the Department for Education Click [here](#) for further details

We are still taking applications for the British Egg Academy!

Delivered in partnership with Chippindale Foods, Morrisons' own integrated egg operation, as well as numerous companies who are specialists within the Egg industry, this academy is aimed at those wanting to join the UK's fastest growing protein sector - eggs! You will gain a level 2 Diploma in Agriculture with training and work-based learning from the numerous supporting companies.

Health 'T' Levels

Following the success of our Childcare 'T' Levels this September we will also be offering a Health 'T' level.

'T' levels are an advanced 2yr technical programme. You will learn about key topics such as providing person-centred care, health & wellbeing, infection prevention & control and much more.

For more information speak to our staff at the virtual open event or contact enquiries@bishopburton.ac.uk
