

## Virtual York College Taster Days

This academic year our Year 11 Taster Days are going virtual!

We'd just like to remind you of our upcoming virtual Taster Days. The website goes live next week! Students can still sign up [here](#).

We may not be able to invite students inside the building to try the subjects they are interested in taking, but we'd like to share lots of information and give them an insight into the kind of work they will be undertaking as a student here at York College.

Join us online between **Monday 11<sup>th</sup> January through to Friday 15<sup>th</sup> January 2021**.

**Places can be booked via:** <https://yorkcollegetasterdays.com/>

Students who have registered will also receive the link via email. They can then go online at any point during our Taster Days week, at a time to suit them, and find out more about the subjects they're interested in. We'll have videos from tutors and current students telling students all about the topics they will study and showing them the amazing facilities they'll get to use. If they're not sure which subjects they'd like to do or route they'd like follow, some of our current students will explain to them how they came to choose what they wanted to study.

Students can also find Taster Day information and the link to register on our website: <http://www.yorkcollege.ac.uk/events-calendar/year-11-taster-days.html>

If you have any questions, please contact the Schools Liaison team on [info4schools@yorkcollege.ac.uk](mailto:info4schools@yorkcollege.ac.uk)

**AMBITION | CARE | RESPECT | SUCCESS**
