

Careers Education

Every young person at Holy Family receives high-quality career guidance to ensure they make informed decisions about their future.

Post 16 and Post 18 Providers Personal Development Curriculum Personal Development lessons form an We have excellent relationships with local important part of our careers programme. post 16 and post 18 education providers. They give an opportunity for pupils to Our learners have regular opportunities to focus on a particular aspect of their visit colleges and universities, experiencing employability skills or develop a greater first hand the fantastic facilities available in understanding of the possible pathways our local area. they can take as they progress through their education. Support and Guidance **Employer interactions** All learners receive clear advice and We have a wide range of events, integrated information about the options available, into our school careers programme, that so they understand what they involve. This offer providers an opportunity to come includes KS4 and post-16 options. All meet into school to speak to students or for with our Independent Careers Adviser and students to visit providers in their place of work. Regular events include visits to Drax can access support and guidance to help make choices and complete a career plan Power Station, Maths City, theatre trips and for the future. our Speed Networking with Employers.

Where to Next?

We are exceptionally proud of the destinations our past learners have progressed to

For several years now 100% of learners have sustained education or employment at post-16 after they have left Holy Family.

Large numbers of our learners progress to Higher Education, including Oxbridge and other Russell Group Universities. Many begin their careers with a wide range of employers - from local independents to multinationals such as Drax Power and BAE Systems. Others have become young entrepreneurs and set up their own businesses.
